

LeagueApps Parent User Guide

Welcome to the LeagueApps Parent User Guide! We have switched registration platforms for a couple main reasons:

- Easy online registration and payment collection
- Easy login via Facebook so you don't need to worry about entering your username and password each time you login
- Mobile friendly - you can access schedules, standings, and team rosters via your cell!
- Automatic game reminders and announcements

We're sure there will be some hurdles as we all learn the new system, so we appreciate your understanding during the transition. Below are some helpful links with screenshots to help you get accustomed to the new platform.

Please do share any feedback and let us know if any questions/issues come up. We're committed to making the transition as smooth as possible.

2. How to create an account

You will be prompted to create an account during the registration process, however you can also visit [this webpage \(https://momentumvbc.leagueapps.com/signup\)](https://momentumvbc.leagueapps.com/signup) to create an account. This only allows you to create an adult or parent account as player accounts can be created by visiting your dashboard or by registering for a program.
